SUBJECT: ICRC Protection and Assistance Program
for "Political" Detainees (PAPPD)

As you know from the June 9 Alexandre Hay package, the ICRC needs \$ for subject program. Jon Silverstone has agreed with my premise that on a selected country-by-country basis, it should be possible to support the PAPPD with Section 116(e) funds. This will require constructive bureaucratic imagination and negotiations on your parts. Please apply such urgently. I'm asking Bob Skiff to report on July 3 your inspirations.

The ICRC's projected PAPPD programs costing our \$60,000 until mid-CY 82 are:

AF:

Angola	South Africa
Malawi	Uganda
Namibia	Zaire

ARA:

Argentina	Nicaragua (off top of \$75m ?)
Colombia	Uruguay
El Salvador	

NEA:

Iran
Israel and Occupied Territories
Jordan
